Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew B. McNutt on June 4, 2003.

The application has been amended as follows:

In the last line of claim 1, insert -- permanently --, before the recitation "maintain the desired bend angle."

The claim amendment is necessary to put the case in condition for allowance.

The following is an examiner's statement of reasons for allowance:

A method of placing a heat-shrinkable jacket around fiber optic cables has been known in the art. Heat-shrinkable jackets are frequently used to cover and protect spliced fiber optic ends. Also, heat-shrinkable jackets are used in high-flex applications as discussed in Savegh et al (please refer to prior office actions). However, none of the prior art fairly teach or suggest a method of placing a heat-shrinkable jacket and shrinking the jacket by application of heat, causing the fiber optic cable to permanently maintain a desired bend angle. In the prior art, only metal layers formed around optical fibers have shown sufficient rigidity to maintain fibers in a desired bend angle (see US

5,894,536). In US 5,894,536 a heat shrinkable jacket is formed

around a metal layer, which in turn surrounds the optical fiber. The fiber is then bent at a desired angle, and the bend angle is maintained. However, the metal layer is what provides sufficient rigidity to maintain the desired bend angle, and the process of heat shrinking the shrinkable jacket does not cause the fiber to permanently maintain a desired bend angle. Therefore, the claimed limitations of the instant application are novel and patentable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sung H. Pak whose telephone number is (703) 308-4880. The examiner can normally be reached on Monday - Thursday : 6:30am-5:00pm.
